PERIOD® A RICK LIVINGSTON DESIGN FIRM

"I am personally committed to each and every project to ensure that form and function synthesize into a sophisticated atmosphere in which my clients can enjoy their lives -- both at work and play."

Rick Livingston, founder of PERIOD®, a renowned New York City-based interior design firm, is a former retail fashion executive who launched the firm in 1990 as an antiques dealer. In 1994, responding to clients' needs, PERIOD® evolved into a full-service design firm that handles complete project management from design conception to installation, for a wide-range of residential and commercial clients.

Rick's clients also appreciate the opportunity to work with the professionals that Rick brings to a project, including talented architects, landscape designers and other building professionals. Rick's far-reaching design expertise and creative talents add up to a unique combination of skills that position the company in a class by itself. Most importantly, PERIOD® prides itself on its talented team of professionals – an eclectic mix of creative and technical staff who conceive and create environments that work.

The firm's name has its genesis in Rick's élan for timeless and stylistically diverse furnishings. However, over the years it has evolved to include his *total* approach to interior design, utilizing his experience and talent to bring environments to life, accurately reflecting individual tastes and the true essence of his clients' vision. His clients have come to depend on Rick's ability to engage his sharp intuitive sense for their lifestyles with his extensive knowledge of fine period furnishings and accessories.

"It is truly my passion to be at the helm of every design challenge," explains Rick. "I work with my team to bring a client's vision to life." PERIOD® is committed to staying on the cutting-edge of all things design – from fashion to art to home décor. Rick travels around the world, seeking the latest and greatest resources for his clients. The firm's resource library is reflective of his travels and love for his work. The library boasts the latest and finest materials, design developments and up-to-date technologies.

PERIOD® has garnered both commercial and residential assignments, recently completing commercial projects for Extell Development Corp, COALCO Inc., Brack Capital Management and Continental Ventures Realty LLC, as well as residences in New York, New Jersey, Connecticut, Florida and Colorado. The company has also been featured in numerous publications, including *House and Garden*, *Metropolitan Home*, *Arts & Antiques*, *New York Home*, *Absolute Magazine*, and the book *Hamptons Havens*, recently published by the editors of *Hamptons Cottages & Gardens*.
