## PERIOD® A RICK LIVINGSTON DESIGN FIRM

### THE HAMPTON DESIGNER SHOWHOUSE QUICK FACTS

#### **What is PERIOD?**

PERIOD is a renowned interior design firm located in New York City. Rick Livingston, founder, is a former retail fashion executive who launched the firm in 1990 as an antiques dealer. In 1994, responding to clients' needs, PERIOD evolved into a full-service design firm that handles complete project management, from design conception to installation, for a wide-range of residential and commercial clients.

#### **Where did the firm's name originate from?**

The firm's name has its genesis in Rick Livingston's élan for timeless and stylistically diverse furnishings.

#### **What is the firm known for?**

PERIOD has garnered both commercial and residential assignments, recently completing commercial projects for Extell Development Corp, COALCO Inc., Brack Capital Management and Continental Ventures Realty LLC, as well as residences in New York, New Jersey, Connecticut, Florida and Colorado.

#### **Who makes up the Hampton Designer Showhouse team from PERIOD?**

PERIOD prides itself on its talented team of professionals – an eclectic mix of creative and technical staff who conceive and create environments that work. The Showhouse team is comprised of: Shawn Hope, Sundry Procter, Kevin Rodriguez and Paul Zansler.

#### **What does the PERIOD creative team consider to be the highlights of the dining room?**

The custom buffet featuring hand-cut, white shell (Mother of Pearl) doors  
The custom chandelier of Manzanita driftwood and crystal  
The custom wall panels featuring photography from the South Fork

**Where can people see more of PERIOD's work?**

Images of PERIOD's work can be found on their website, [www.period-nyc.com](http://www.period-nyc.com).

**What element from the room would the team most like to have in their own homes?**

The 'canopy' effect created by the custom South Fork images; you are enveloped by nature when you enter the room.

**What was the biggest challenge in getting the room done?**

The rug was woven in South Africa and the shell panels hand made in Bali, all within three weeks. With this level of customization, attention to detail is critical.

**What item does PERIOD consider the most unusual in the room?**

The chandelier was constructed from driftwood hand picked by our team.
